ALIMENTARY REGIME			
13. Do you give to the detainees three meals a day, in a sufficient amount, suitable to weather, age, gender, health condition, religion, culture, nature of work he/she may be involved in?			
14. Is the food made in places that respect the appropriate hygiene standards?			
14.b Is the food made with standards that respect the basic religious principles?			
15. Is drinkable water always available for detainees?			
<ul> <li>16. It is possible for medical and para-medical qualified staff to modify the alimentary regime of a detainee according to his/her health conditions?</li> <li>16.a Is the access to these services restricted for specific categories of 'radicals' or 'extremists' or 'terrorists'?</li> </ul>			
LEGAL CONSULTANCY	<u>'</u>		
17. Can the detainees who required it have access to legal consultancy if they cover the expenses by themselves?			
18. Is there also a free legal service for detainees with no means? If yes, are the detainees informed about it?			
19. Beside from waivers authorized by the judicial authority, are the correspondence between detainees and their lawyers private?			
20. Can the detainees have documents concerning their judicial procedure? Can they have access to them?			
20.1 Is the access to these services restricted for specific categories of 'radicals' or 'extremists' or 'terrorists'?			
CONTACT WITH THE OUTS	SIDE		
21. Can prisoners be allowed to communicate with their family and third party people? If yes, how often and in which way?			
22. Are detainees informed immediately about possible deaths of close relatives? Are relatives informed promptly about the death of the detainee?			
23. Are detainees allowed to have access to press, radio and television?			

24. Do detainees with no restriction in participating in elections have access to vote?			
24.1 Is the access to these services restricted for specific			
categories of 'radicals' or 'extremists' or 'terrorists'?			
WORK			
World			
25. Are the detainees forced to work for disciplinary			
reasons?			
26. Can a detainee be involved in a paid job, in the			
case that he/she requests it?			
26.b Are these prisoners/detainees classified as			
'radicals' or 'extremists' allowed to access			
alternative measures, internal and external jobs?			
Who decides the application of these measures?			
26.c Do you apply for this category of inmates the			
COUNCIL FRAMEWORK DECISION			
2008/947/JHA of 27 November 2008 on the			
application of the principle of mutual recognition to			
judgments and probation decisions with			
a view to the supervision of probation measures			
27. Are work schedules and conditions the same as the			
ones applied for the rest of the society or are they			
very different?			
27.1 Is the access to these services restricted for specific			
categories of 'radicals' or 'extremists' or 'terrorists'?			
SPORT AND LEISURE ACTIV	TTIES		
28. Are the detainees allowed to spend at least one			
hour a day outside to practice sports?			
29. Inside the prison, are there any planned activities			
to allow detainees to take care of their physical			
condition?			
29.a Is the access to these activities restricted for			
specific categories of 'radicals' or 'extremists' or			
'terrorists'?			
EDUCATION			
30. Are there educational courses for detainees,			
especially for primary education and addressed to			
the youngest? Who teaches these?			
31. Is there a library inside the institute?			

31.a a Is the access to these activities restricted for specific categories of 'radicals' or 'extremists' and/or 'terrorists'?	
FREEDOM OF RELIGION	V
32. Do detainees have the possibility to practice individually their religion, to participate in rituals and meet the ministries of their faith?	
33. Can they have religious books and material irrespectively of language or religion?	
34. Do they have pray halls?	
35. Are there procedures in place for religious calendars	
35.1 Is the access to these services restricted for specific	
categories of 'radicals' or 'extremists' or 'terrorists'?  INFORMATION	
36. Are detainees always informed about their rights and duties inside the prison in a language they can understand?	
37. a Is the access to information somehow restricted for specific categories of 'radicals' or 'extremists' or 'terrorists'?	
TRANSFERT	
38. Are transfers of detainees done respecting their privacy and reducing public contact as much as possible?	
39. Is the access to transfers restricted for specific categories of 'radicals' or 'extremists' or 'terrorists'?	
LIBERATION	
40. During their liberation, do you provide detainees with identity documents, clothes and means indispensable for their immediate survival?	
WOMEN AND MINORS	3
41. Are women authorized to give birth outside of the prison? If not, is the Prison Authority able to give her all the assistance she needs?	

42. It a minor is detained in a prison for adults, is the minor kept separated from them? Does he/she have access to the social, physiological and educational services?  43. In case of very young children staying with their parents, is there any kindergarten facility with a qualified personnel and a specific place where the children can stay?  FOREIGNERS  44. Can foreign detainees be informed about the right of contacting their diplomatic or consular representatives?  45. Are foreign detainees informed about legal assistance? Are they informed about the possibility to ask to move to another country?  45.1 Is FD 947 applied to facilitate the social rehabilitation of people convicted within one country through transferring them to their home country through transferring them to their home country in the EU to serve a probation measure or alternative sanctions.  45.2 Do you apply for this category of immates the COUNCIL FRAMEWORK DECISION 2008/947/JHA of 27 November 2008 on the application of the principle of mutual recognition to judgments and probation decisions with a view to the supervision of probation measures  ETHNIC AND LINGUISTIC MINORITIES?  46. Are there any special procedures for ethnic and linguistic minorities?  47. Are these groups able to follow their cultural practices?  48. In this case, are all the information available for detainees (through a translator? Through specific brochures?)  HEALTH  49. Inside the prison, is there a medical facility all the detainees can have access to without any kind of discriminations?	40 T(	
have access to the social, physiological and educational services?  43. In case of very young children staying with their parents, is there any kindergarten facility with a qualified personnel and a specific place where the children can stay?  FOREIGNERS  44. tacilities and treatments in case of necessity?		
	tacilities and treatments in case of necessity?	

	<u> </u>
51. How often are detainee's health conditions	
checked? In which way (request coming from the	
detainee, request coming from the doctor, time	
schedules)	
52. Is there special department providing treatment for	
detainees with mental problems?	
53. If necessary, can psychiatric treatment be	
delivered? Are there any preventive measure	
against suicides?	
54. Can detainees be subject to medical experiments	
without having agreed to it?	
SEARCH AND BODY SEAR	СН
55. Must body searches/search be performed by	
personnel of the same gender as the detainees?	
56. In case of a very personal body search, is a medical	
doctor the person who is going to perform that?	
• • • • • • • • • • • • • • • • • • • •	
57. Can detainees assist in the search among their	
personal belongings?	
58. Are there procedures in place to respect religious	
prescriptions of minorities concerning body or	
personal search?	
58.1 Is the access to these rights somehow restricted	
for specific categories of 'radicals' or 'extremists' or	
'terrorists'?	
DISCIPLINE AND SANCTIO	ONS
59. Does the domestic law provide with a definition of	
actions and omissions that are classified as	
disciplinary violations? What about procedures to	
be followed in disciplinary matter (e.g type,	
duration of the sanctions, authority that can decide	
about them).	
60. Are collective sanctions and corporal punishment	
allowed?	
61. Among sanctions, are the ban of family contacts	
and isolation in the dark allowed?	
62. If the isolations is allowed among sanctions, for	
how long it can last and in which way does it have	
to be enforced?	
63. In case of violation of the disciplinary code, can a	
detainee explain his/her reasons? If yes, in which	
1 -,	

64. Can the detainee have witness and time to prepare	
his/her defense? Can the detainee have a translator	
if necessary?	
64.1 Is there any difference in the rights of the	
detainees/prisoners accused or convicted for	
radicalization-related crimes in comparison to the	
other detainees/prisoners for what concerns	
discipline and sanctions?	
USE OF FORCE	
	1
65. The use of force by the personnel is regulated in a	
detailed way by the law?	
66. Are irons and chains also used?	
67 Are constraint measures used also as nunishment	
67. Are constraint measures used also as punishment	
instruments?
