Javier Cuesta opened the morning section with a presentation on 3M Foundation activities, followed by Sergio Bianchi's presentation on the project goals. Enrico Boi made a presentation on "The Regione Lombardia Experience", presenting the first draft on the basic document he elaborated for the project. After his presentation the working groups section started. The results of the experts work have been collected by Agenfor Italia and it will be use to complete the analysis.

In the afternoon section, Goran Rydberg with the support of Franco Vico, presented the questionnaire all the experts will have to fill.

At the end of the meeting, the evaluation questionnaire was deistributed among partners and experts and all the filled copies were given to Dimitar Markov.

Sergio Bianchi explained to everyone how to fill in ANNEX D, the country report.
